You Said

We need support on how to *identify and secure training and funding opportunities*

We Did

Business West launched in-person and online *Skills Clinics* to help businesses to identify their skills gaps and access ongoing support with our LSIP Skills Advisors to identify relevant training opportunities with partners throughout their skills journey

We need more training in *SMAC skills* – Social, Mobile, Analytics, and Cloud – these newer skills are in high demand

West of England Combined Authority have launched a *range of bootcamps* in line with the LSIP priorities and in response to the findings including Cloud Based Skills

We need additional training and education to compliment the increased usage of *tech and AI*

Signposting Local Provision 121s are available and are currently being conducted by the Business West Employer Engagement Team to highlight *training opportunities and career progression pathways* in the local area

We need more training for *soft skills*, particularly Project Management and Change Management

In response to the LSIP findings, and in collaboration with West of England Combined Authority, Weston College have launched a 10 week *Project Management Bootcamp* providing understanding and practical skills of project management

What's next and how can I get involved?

Access our Signposting Local Provision service

Bespoke signposting to local provision based on your skills needs and business priorities

Speak to one of our Skills Advisors

Business Skills Advisors can work with you to identify your skills needs and signpost to training opportunities in the local area

Attend our Meet the Expert events

To shine the spotlight on different industries, highlight the scope of roles available and the skills needed for the sector

We couldn't deliver the LSIP and achieve this impact without our partners:
